

Our Services

Strategic Health Concepts Inc

Strategic Health Concepts (SHC) is a Colorado and Atlanta-based company incorporated in February 1995 to enhance the capacity of health-related organizations to better achieve their mission. SHC provides:

- Strategic planning
- Organizational development
- Organizational change strategies and management
- Leadership development
- Positioning and communication services
- Gap and niche analysis
- Development of effective teams
- Realistic and effective problem solving
- Conflict resolution
- Special studies on specific health issues
- Program planning, development and evaluation

Since its inception, Strategic Health Concepts has served over 100 organizations from the government, private and not-for-profit sectors. Both Karin Hohman, RN, MBA, President of SHC and Leslie Given, BA, MPA, Vice President, have devoted their careers to understanding and solving public health issues. This blend of organizational expertise and long-standing experience provide a powerful asset to today's health organizations and their leaders.
